

July 9th, 2021

To whom it may concern,

Announcement of Confirmed Covid-19 Case in OHTORI (THAILAND) CO.,LTD.

On July 3rd (Sat.), we were informed that a staff of OHTORI (THAILAND) CO.,LTD., one of our affiliates, has infected with Covid-19. We are fully mobilized in handling the situation and collaborating with the related organizations in order to secure safety of our partners and employees, prevent spread of infection, and continue our business.

1. Summary

A staff of OHTORI (THAILAND) CO.,LTD. got a positive reaction on PCR test after showing fever symptoms on July 3rd.

2. Current status and request related to business

- ① All workers of OHTORI (THAILAND) CO.,LTD. are prohibited to enter the office building until all of them are tested negative on PCR, due to the guidance provided by the Department of Health in MOPH and the real estate management company on July 4th.
- ② Staffs work using emails and cellphones as the main means of business communication.
- ③ Disinfection of the facility in which Ohtori Thailand office is located is already completed
- ④ We are currently undergoing processes to take PCR, and are trying our best to reopen as soon as possible.

We kindly ask for your understanding of respecting human rights and privacy of the patient and their family members.

3. Countermeasures

We are committed to prevent the infection and continue to take effective measures such as washing and sanitizing hands, wearing masks, regular sanitizing of areas workers may touch, introducing flexible work hours, measuring body temperature before work, limiting domestic and overseas business travels, and replacing face-to-face meetings with online meetings.
